

After over ten years of podcasting to thousands of subscribers and hundreds of thousands of downloads we've decided to park this podcast and run all episodes, past and future, through our new channel: Holy Language TV.

Visit us at holylanguage.com to see the courses and resources we offer, hear what "following Yeshua in a Hebrew way, together" means to us, meet our online community "the Tribe", and discover for yourself why over a hundred thousand people follow us.

You'll also get the chance to start getting texts/emails from me with personal stories, funny memes, new lessons, and updates. I do hope you'll take it.

See you in a minute!
